

A Clear Plan for Parchment.

PARCHMENT SCHOOL DISTRICT

November 2026 Bond Proposal

This November, Parchment School District voters will consider a \$41 million bond proposal that, if approved, would result in an expected 3.95 mill increase in 2027 over the current debt levy.

The proposed plan consolidates the district's footprint by closing the middle school, constructing a new junior high wing at the high school for 7th and 8th grade students, and creating dedicated elementary grade centers.

KEY FACTS

➤ **PROPOSAL AMOUNT:** If approved, the district would borrow \$41 million for district improvements

➤ **TAX IMPACT:** If approved, the bond would result in an expected 3.95 mill increase in 2027 over the current debt levy.

➤ **VOTING:** Vote on or before November 3, 2026. For more information on voting, please visit www.michigan.gov/vote

✓ **ELECTION DAY IS NOV. 3**

CONSOLIDATION OF DISTRICT FOOTPRINT

Rather than continuing to spend funds on the aging Middle School facility, the district is proactively choosing to sell or demolish the building. This would eliminate unnecessary operational overhead and redirect those resources directly into the remaining facilities.

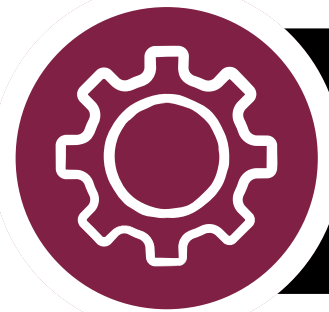

A MODERN JUNIOR HIGH

The bond proposes moving 7th- and 8th-graders into a brand-new wing at Parchment High School. The new wing would feature a dedicated entrance, new classrooms, a science lab, multipurpose spaces, cafeteria, and additional support spaces.

DEDICATED ELEMENTARY CENTERS

The bond proposes transitioning Northwood Elementary to a dedicated K-2 building and expanding North Elementary into a 3-6 intermediate school. This will allow teachers to collaborate across grade levels and create age-specific learning environments.

LONG TERM INVESTMENT

Remaining bond funds would be used across the district to support long-term efficiency in district facilities. This includes roofing repairs, playground upgrades, building access controls, boiler and electrical systems. A full list can be found at parchment2026bond.com.
